WHAT IS ESCAPE HUNT?

- The Escape Hunt Experience is a real-life first person escape game concept.
- Players in teams of 2-5 are locked inside a room and must explore their surroundings. Solve riddles & clues in order to "escape"!
- The game requires players to be observant and utilize their critical thinking skills to solve challenges and riddles.
- There is no strenuous physical activity involved. All you need is a healthy, working brain!
- All games can be solved but are challenging, require teamwork, observation, problem solving and communication skills.

Escape Hunt is exciting, addictive, challenging, educational, and above all, fun!

It is suitable for:

**COMPANIES
AND EVENTS**

**SCHOOL,
COLLEGES
& UNIVERSITIES**

**TOURISTS
AND TRAVELERS**

**FRIENDS
AND FAMILIES**

UP FOR THE CHALLENGE? LET'S GO!

THE GAMES

We have 6 game rooms offering 3 different adventures.

The unique combination of skills required to solve the games makes the Escape Hunt Experience the perfect activity for corporate groups who want their employees to get to know one another, have fun, and improve their teamwork and problem solving skills.

Players are monitored throughout the game by our Game Masters via CCTVs in the rooms. Players may request hints if they get stuck.

Players have 60 minutes to solve the mystery and finally "escape" the room.

Two identical rooms allow for competitive play - two teams play head-to-head and the first team to "escape" wins!

We offer one of the only escape games available in both English & Japanese in Japan!

- This can be adapted for various group sizes and follows the format below:
 - 1) Pre-game briefing (15 minutes)
 - 2) Play escape rooms (60 minutes)
 - 3) Short break (15 minutes)
